

CULTIVATING

the Craft of *Asking*

1. Biblical Mountain Top Experiences

What are my mountain top experiences?

Am I afraid of the climb or of the accomplishment?

Name a mountain that needs to be ascended in your ministry.

2. If I could practice any trade as part of my ministry, what would it be?

3. Am I more vulnerable to Excess or Deprivation?

What are my life experiences that reinforce that vulnerability?

Do I see the world as unlimited possibilities or limited resources?

Can both exist at the same time?

4. **How does my self-awareness and perceptions impact my ability to cultivate generosity – and practice courageous asking?**

Write down something you think the boy is saying

Write down something you think the adult man is saying

5. **Which comes first – building relationships or asking?**

What is the purpose of asking?

Who benefits?

6. **Since I am created to create a better world, what needs or passions call to me?**

7. **How are others already telling me about their call, passions and capacity?**

What can I do to increase the clarity of my communication?

8. **Call Prompt: If I have \$100 to give to a mission project, what would you like me to give it to?**

9. **How do I prepare for and practice asking?**

How could I prepare and practice more?

Why does today matter?
